Message from Orange Public Library Foundation President – Kim Nichols

Every morning at 10 am a crowd has gathered, waiting anxiously outside the library doors. As they slide open, the first wave of computer users find seats and log in. Laptops are checked out and the connection to a world of information is made. 21st century technology has changed the expectations of library users and our Orange Public Libraries have met that challenge. Free Wi-Fi, cloudlibrary, eBooks; DVDs, music, mobile access, free research databases and local history information are available in-house and on-the-

go. At home, Marsha C., an avid reader, checks Amazon.com for new books by her favorite authors, zips over to the Orange Public Library website, finds the books online and places them on hold. As soon as the library staff has pulled her requests, she receives an email listing the items that are ready for check out. FREE and easy! The library opens the world to you; discover and explore!

OPLF extends a warm-hearted thank you to all of our donors who have made a difference by helping us provide top-notch technology, programs and services. Please see page 4. We hope you will join us. Your library needs you.

OPL is the of our community.
